Subject: Keep cleanup costs low to help our economy and jobs

The environment must be kept in balance with jobs and the economy.

Portland is fortunate to have a vibrant working waterfront on the Willamette River. We need those jobs to continue to exist and even grow to supply good, living-wage work. Please make sure that the final cleanup plan does nothing to threaten the jobs that we so desperately need.

Please do whatever you can to support the river and our health but also to make sure our jobs don't go away.

Sincerely,
